To Whom It Concerns:

In regards to Docket Number 98P-0151/CP1, animals who are too sick or injured even to stand should not be allowed to enter the human food chain. It is impossible to move downed animals humanely, and they are typically pushed or dragged with chains by tractors, causing serious injury and suffering. They deserve to be humanely destroyed! Industry experts have estimated that 90% of downed animals can be prevented with better care and handling. To remove the market for downed animals will prevent them from ever occurring in the first place. Please find it in your heart to grant the afore
